

Report on Appointments to Boards of Public Bodies and Other Entities Approved by Cabinet During the Period 21 September 2020 to 26 May 2025

This Report covers appointments to 307 bodies approved by Cabinet during the period 21 September 2020 to 26 May 2025. These bodies fall within the following broad categories: advisory board; authority; board of management; board of statutory body/body corporate; commission; committee; council; executive agency; planning authority; task force; and tribunal.

Not all of these entities are public bodies. According to the Public Bodies Management and Accountability Act, 2001, a public body is a statutory body or authority or any government company, but does not include an executive agency designated under the Executive Agencies Act. The Act defines a statutory body or authority as a body corporate established by an Act of Parliament over which the Government or an Agency of the Government exercises control. The Act also defines a government company, also termed as a limited liability company, as one that is registered under the Companies Act, being a company in which the Government or an agency of the Government, is in a position to direct the policy of that company.
